

SUPPLEMENTAL LABEL FOR USE IN CALIFORNIA ONLY

Additional Mitigation Measures for Handlers and Applicators in California

EPTAM[®] 7-E SELECTIVE HERBICIDE

EPA Reg. No. 10182-220

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

In addition to the existing personal protective equipment (PPE) on the EPTAM 7-E label, the mitigation measures outlined below must be complied with in California:

HANDLERS (mixer/loaders, applicators, except applicators for water-run chemigation)

- Coveralls and half-face respirators approved by the National Institute for Occupational Safety and Health (NIOSH) or Mine Safety and Health Administration (MSHA) must be worn in addition to the PPE on the EPTAM 7-E label.
- For center pivot irrigation systems, mixer/loader, applicators must wear full body chemical resistant protective clothing and half-face respirators in addition to the PPE on the EPTAM 7-E label.
- A closed mixing/loading system, an enclosed cab or other engineering controls can be used to replace the above mentioned PPE according to criteria given in the current federal Worker Protection Standard.

Limit mixing/loading of EPTAM 7-E to 500 gallons per mixer/loader per 21 day period, not to exceed 75 gallons per mixer/loader per day.

Limit application of EPTAM 7-E through center pivot irrigation to 40 gallons per applicator per 21 day period, not to exceed 20 gallons per applicator per day.

Limit other ground applications of EPTAM 7-E to 210 gallons per applicator per 21 day period, not to exceed 30 gallons per applicator per day.

Limit application of EPTAM 7-E to 280 gallons per applicator per 21 day period, not to exceed 40 gallons per applicator per day when ground applicators use enclosed cabs as specified in the American Society of Agricultural Engineers Standard S525, November 1997.

The operator of the property shall include in their Pesticide Use Records the name of the person(s) that handled the product for each application.

All applicable directions, restrictions and precautions on the EPA-registered label are to be followed.

This labeling must be in the possession of the user at the time of herbicide application.
