U.S. Sugar Industry Directory

The 'Who's Who' for U.S. Sugar

The U.S. sugar industry comprises a dynamic segment of the nation's production agriculture and food processing fabric — and this 8th biennial industry directory reflects its importance. The 148-page 2013/14 **U.S. Sugar Industry Directory** is by far the most comprehensive "who's who" of U.S. sugar, providing listings for several hundred companies, organizations and agencies involved in the production, processing and marketing of U.S. beet and cane sugar and coproducts. The full-color 8-1/2" x 11" book includes:

- Address, phone, fax, email, website & names of key personnel for each sugar-related entity, along with types of products/services provided.
- Personnel & basic production information for all of the nation's sugarbeet factories, sugarcane mills & cane sugar refineries.
- Sections on the **Mexican** & **Canadian** sugar industries.
- Listings of local, state, regional, national & international sugar organizations.
- Listings of state & federal government entities with sugar-related roles, *including* USDA & university sugarbeet & sugarcane researchers.
- Commentary & statistics (current and historic) on the U.S. sugar industry — **plus** a color map depicting U.S. beet & cane growing areas.
